3-in-1 Exceptional Writers Awards

The views contained in 3-in-1 The Voice are the personal views of the authors and do not necessarily represent the views and/or beliefs of 3-in-1 GPN Ministries, 3-in-1 Publishing or any of its members or staff. We may provide links to other sites but accept no responsibility of the content of such sites. The E-zine is provided as-is and to the extent permitted by law, our liability is excluded, and no representations or warranties are given.

From the Founders

Welcome to a very special edition of 3-in-1 The Voice. On July 27th, 2017 (17-07-17), exactly to the day, Karin first launched the 3-in-1 Publishing website. On it she put out an appeal for Christian writers and contributors to join her in expanding the Word of God through creative writing, digital art and poetry via a new publication **3-in-1 THE VOICE**. The first issue was published on time, on October 1st, 2009. With one interviewee/combined guest contributor – LORRAINE WYLIE and six ‘step-out-in-faith’ writers – RUTH BELL, LIANNE & MEL CHENOWETH, CAMERON McINTYRE and BRIGID KERR, the seeds were planted for what would later become The 3-in-1 Global Prayer Network.

From this core group of writers, 3-in-1 The Voice blossomed to incorporate in the first year over 27 writers / contributors from all corners of the globe. This included regular columnists for exactly 12 months. Since then, The Voice - although in a different format - continues to reach millions of people globally. As we celebrate with just some of our long-time friends and ministry partners, you will see that God’s fingerprints are all over these ministries and the individuals who manage them – expanding the tent pegs of His Kingdom throughout the world, as only He can...

God bless you and enjoy this issue...

David & Karin

3-in-1 The Voice

The Story so far...

In the beginning...

It was not a particularly unusual day but it was a new day and I was very thankful. I had only been a Christian for a around a year and had been fortunate enough to meet two great friends in Donna and Ruth. I didn't drive so my only form of communication was either the internet or phone. Living in a very small remote village in Ireland didn't help either. The day kinda dragged in, my children were spending time at their grandparent's house and I was alone in my home. The phone company had just brought out a 3-way call system that I was eager to experiment with and therefore I unplugged my computer and used my landline to call my two friends. It was amazing to be able to talk to both at the same time! Please keep in mind it was 1994!

We chatted mainly about the technology and then the conversation changed – dramatically. I needed to access my computer to share with them an idea I had about a new Christian magazine. However, the computer was unplugged. Therefore, I started to tell them what I had got so far and that the magazine would be called 3-in-1 The Voice. Just then a stillness enveloped the room. The other women in different locations received the same peace. I started to get a vision of the sections and the layout of the new downloadable E-zine. As I spoke of what I was seeing both Donna and Ruth started to 'fill-in' the blanks and before you knew it they also had sections added to it, ones that they would write and maintain, if even for a short time. I started to get frustrated as I wanted to see if what they were saying lined-up with what I had written down previously – suddenly my computer switched on! Initially, an innate benign thought passed through my head that it was actually plugged in and that I had made a mistake – it was actually on standby. However, as Ruth and Donna talked I checked the plug to realize that it was not plugged into the mains and that it had switched on all by itself! I interrupted their flow and was able to access my saved file on the computer. I told them that God was moving dramatically – there was an active silence. Everything that the women spoke was in the layout,

“I believe I have my confirmation ladies.” I said.

The computer screen went blank and switched off. We all ended the conversation in prayer and the next day I started to contact churches and ministries to see if they would like to sign-up for The Voice – this great new E-zine that would allow everyone bond and free to access it for FREE! I recall speaking to my own Pastor at the time and the church didn’t even have a computer, and if it did he wouldn’t know how to access the magazine! Everyone I called, it was the same answer. A bit disappointed

and spiritually naïve, I decided to pray to God some more. Perhaps all three of us had heard incorrectly. But God was silent on the subject. Over time I kinda forgot about the great vision...almost. Occasionally I would access the floppy discs and see my camel’s logo for the travel section and sigh.

2009

July 27th, 2009 is a day that I won’t easily forget. Our youngest daughter had just graduated with a degree the year before in Creative Multimedia.

Unknown to me, this meant that she could create, design and build websites from scratch amongst other great things. Without warning, I had a quickening in the spirit and stopped in my tracks. The full vision, the conversation with Donna and Ruth, everything came back into my head. It was time to move forward. I instructed our daughter to start building and if there was some way we could provide a magazine online that could be downloaded – her reply Pdf. We thank our daughters for their design work, ideas and writings over the years -you are such a blessing to us...The Voice would literally not exist without your knowledge and skill.

So back to the story. Before I began to contact others and put together the final layout ideas, I needed further confirmation. On that particular day, I called Ruth. She was free and able to talk. I told what had just happened but I had lost all the files in my latest home move. Her reply was even ‘til this day, unbelievable to me,

“You are not going to believe this Karin, but about two days ago the Lord prompted me about our conversation all those years ago. I went upstairs into my attic and started searching. I found all your floppy discs and printed matter on your magazine. You must have given them to me to read at some point and they were still here.”

To say I was stunned is an understatement. I didn’t recall giving them to her but I was extremely grateful. I told her it was time to move forward and she offered to travel down and deliver everything to me. I will be forever grateful to Ruth not only for this act of faith but her selfless service to others. When I received everything, it was like being reunited with an old friend. Everything flowed and within a day the layout for the first issue of 3-in-1 The Voice was complete – however there was one problem – I had no writers or ‘In Focus’ interviewee!

At around the same time I was conducting PR for a top World Ice Skater. She was in great demand and the PR for The African Children’s Choir got in touch with me. They were putting on a performance at Stormont and wanted to know if my client was available. Unfortunately, she was unavailable for their dates but on our second call he said something I will never forget.

“Actually Karin, my wife would like to talk to about the other work you are putting together. Your Christian E-zine. She is a writer and was wondering if she could contribute. Her name is Lorraine Wylie and she will contact soon if that is ok? We live in France but with the internet and everything...” I laughed to myself. Isn’t it funny that when we think its time to move on something, its always a struggle, however when God moves – everything fits in place. People are moved around like chess pieces and He has already won the game! I knew in that moment that Lorraine would become my first interviewee. Her resume was brilliant. In fact, I am so grateful for Lorraine, she introduced us to many people that we were able to offer interviews in our E-zine.

A New Year

Reaching the lost can be done is a variety of ways, however celebrities have a special and particular purpose to play in God’s Kingdom. Successful and popular people have a great influence on all of us – they have overcome many things to accomplish their purposes and plans. I believe that Christian Celebrities encourage us to understand that we can accomplish all things through Christ who strengthens us...and still keep our feet planted on the ground!

New Years Eve 2009 is forever embedded in my soul. I had prayed for someone famous to interview in person for ‘In Focus’. I had prayed and prayed but I have to admit I did kinda lack courage. We had already covered Wendy Alec, Matt Sorger, The African Children’s Choir, Reinhard Bonnke but all the interviews were a Q & A via e-mail. For 2010 I would like to conduct at least one ‘in person’ interview. I was contacted via e-mail on New Year’s Eve 2009 by Janine Stellatos. She headed up at that time Metro World Child in the UK. I had been trying to secure an interview with Pastor Bill Wilson for ages but had only heard back this particular evening. We e-mailed back and forth. Pastor Bill was going to be in Ireland in January and they were going to try and set-up an interview with The Voice! WOW! Answered prayer or what! I am delighted to say that the interview was fantastic and the e-zine was able to play its part in getting the word out there and appealing for help for the people of Haiti who only a couple days before our interview with Pastor Bill endured the worst ever earthquake in it’s history.

What I didn't know that New Year's Eve was that Janine and I would establish a relationship in Christ that has lasted for over 8 years. With the power of technology, we can regularly stay in touch via Skype. She now runs the Kenya Metro World Child (featured in this issue), is a part of our growing 3-in-1 GPN. As for Ruth and Donna well both did maintain their columns in 3-in-1 The Voice in the first year, Donna went on to even greater things and you will read about this in this issue. Ruth continued with her amazing charity work in Crimea and I am now a US Citizen, living and working in the United States, my new home – who knew?

God did...

David and I sincerely hope that you will be further inspired by everyone's stories in this issue – how God planted their seeds and how their ministries and organizations have grown...changing the world – one soul at a time.

Thank you to all the people who have supported 3-in-1 The Voice in the past, present and future. With God's help we are still able to publish FREE of charge.

God bless you...all of you.

Founded in 2010 The 3-in-1 GPN welcomes any Christian church, group or individuals who would like to join us in prayer. Receive regular updates. Notifications of our annual 3-in-1 Global Day of Prayer. Start your own Prayer Group – Jesus said where two or more are gathered in my name, there I am in the midst. Come into His presence today...

TOOLS FOR REAL CHANGE

May Your Anchor Hold

By
Rhonda Fleming

Anchoring Hope is a community of authors and speakers who spread hope through their books and talks.

The website—www.AnchoringHope.com-- launched in May and promotes books, speakers and conferences that share hope in all areas of life – business, finance, marriage, parenting, health and wellness, grief and loss, spiritual life, and more.

A major component of AnchoringHope.com is the blog. The blog posts are written by the authors and speakers – so each one is full of hope. And the day a member’s blog post is published on the website, that member promotes the blog and the website to their circle of influence – which means the audience for the website is continually increasing as new members are added.

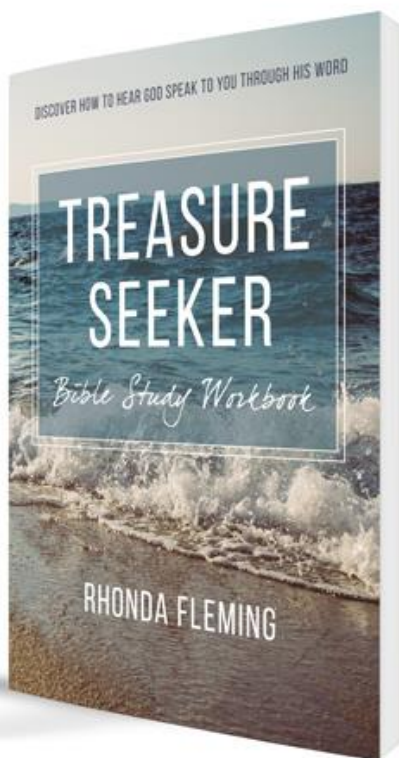

Anchoring Hope was founded by Rhonda Fleming, who has worked in many capacities with authors over the last several years. The part of the work she disliked was watching excellent books she helped birth being marketed to a limited number of people—knowing thousands of other people needed the hope those books provided. She now loves being able to

exponentially increase the exposure of life-changing books and speakers on her new website.

Rhonda also created and published *Treasure Seeker Bible Study Workbook* in late 2015. It teaches a three-question Bible study method Rhonda learned in the early 2000's that radically changed her relationship with God. It combines reading a passage in the Word of God, answering three questions and listening to Holy Spirit to understand how that passage can be applied to your life right now. It is a simple, yet powerful Bible study method.

For more information about Rhonda or the Anchoring Hope Community, send an email to: Rhonda@AnchoringHope.com.

From Greyabbey to the World!

The Messianic Message from Ireland

From the desk of Donna Taggart.

It is always great to hear from Karin and it was with delight that I said 'YES!' to her recent invitation for me to write her an update about the Ministry's last eight years!

So here we go!

2009

Anyway, back in 2009 which was probably around the eight-year mark that Karin has asked me about, I held an outdoor Event in the grounds of Stormont. The event was prophetically called ‘The Global Day of Echad’. It rained, no sorry, it poured rain for a solid five months leading up to this outdoor event and a lot of those who were wanting to attend when phoning for tickets, asked me what will happen if the ground is soaking and we can’t sit or walk on the grass! It was funny, but I answered Abba Father has told me to do this Event and He knew this rain was going to happen so if it doesn’t bother Him then it sure won’t bother me! So, I said we will all have a brilliant day, the ground will be dry and the sun will be shining it will be a beautiful day! I spoke this in absolute faith knowing it was in God’s hands.

Sure enough they must have been hearing the confidence in my voice and they booked their tickets. I had spoken all this in simply faith that God had told me to do this and He wouldn’t have done so for His people to be soaked!

Then I had a call from a Pastor in England who told me that he needed 300 tickets as the whole Indian Community of Believers were hiring a Ryan Air Flight and ALL were coming to the Event and so they did, all had their beautiful children with them! Then I realized this is why I must have been led to hire a Bouncy Castle! God knows we need to focus our attention on Praising Him and listening to the Still small voice. To learn relax and let go and let God *in totally everything*. Well that day proved to be the hottest day of the year according to the Belfast Telegraph. As I arrived at the field to set up, people were already there and were stretched out over the ‘Dry’ grass and women were applying sun cream to themselves and the children!

During the event the stage was filled with Pastors all sounding their Shofars towards Stormont. It truly was a glorious event with Ministers and Pastors from eight nations taking part in the Program.

2010-2015

Well, October 2010 proved to be my last event at Stormont under the pioneering Mandate that God had given to me. The Lord had shown me I had now successfully taken the inside and outside of the grounds at

Government for His purposes. The MLA Mr Jim Shannon who had supported me to launch the Ministry at Stormont, called 'Stormont Christian Initiative' he had put his name forward to be an MP at Westminster and then in early 2010 he won the seat and was elected with a 15,000-majority vote, what a blessing!

Then, from 2010 till approximately August 2015 I entered what I now see as a 'me time before the Lord' when the enemy tried his best to bombard me with pain, painful spasms, twisted limbs, sickness the list goes on and on. I had been diagnosed in 2006 with MS but hadn't told anyone, not even my husband, until it was getting that I could no longer walk and I had to get a wheelchair. That would have been late 2012 and then I was in different hospitals for the next few years. This was horrendous but my Spirit stayed in peace as I just watched what was taking place in my body. I spent those years leaning on the Lord in peace while the enemy kept trying to push my spirit into stress, chaos the enemy kept telling me that this is the way my life would go ALL my life but I just read the word, stayed in prayer and in peace until one day in August 2015 I decided to draw a line in the sand and said ok devil THAT'S IT! So, I spoke with Abba Father told Him my plans and then I told the enemy that I would not go back into hospital no matter what happened I was done with it! No More Lies! It was done on the cross 2000 years ago and it is done now!

Nothing happened until three months later in November and then the enemy pushed me to the point of death to see if I really meant what I said! A few days earlier my left leg had started to get red and swell, it was retaining fluid until it had swollen to three times its normal size but I had been diagnosed with a clot previously but now the upper left thigh, was red, red hot and swollen it had started again and I had said I was not going back to hospital etc. My husband phoned for the 'call out' Doctor and as soon as she saw it she said I'm phoning an ambulance Donna must be in Hospital immediately! I was vomiting and delirious and I had heard the Doctor say if the ambulance is not here by 10.45 pm phone me immediately. I knew this was the enemy's attempt to get me into fear and to go back into the hospital!

So, I was sitting listening to all this but praying in the Spirit the whole time with my eyes closed while vomiting, I had been given an injection to stop

the vomiting and after the Doctor left my Husband and I must have dozed off as we were sitting in the dark but then my eyes opened slightly and I tried to focus on the clock to see what time it was as was and it was exactly 10.45 I could just see clock from the street light outside the window, so I looked over at my husband said to him quietly ‘come on wee love’ we’re going to bed so he gave himself a shake and said what time is it ‘is the ambulance here’ and I told him the time and said it hasn’t come and we we’re going to bed! So, he said but the Doctor said you had to go to hospital it was urgent you could take a stroke!! I said no love I’m too sick to go to hospital and we need to go to bed to get some sleep so that’s we’re we are going right now! Now this story went on to show just how awesome our God is! Briefly next morning my husband came running In to my bedroom the next morning saying you didn’t call me thru the night and he threw the bed covers back saying what about your leg? And with a gasp he said Donna it’s all gone as if I didn’t know! however as Karin has asked me about me a specific question I think I better get on with move with that!

2016

Ok so all that happened in November 2015 Chanukah/Christmas came and went and then it was the end of another year. So, 2016 dawns and I’m facing another year still in a wheelchair [I think I might have forgotten to mention the bit about me needing 24/7 care] anyway mid-January I got an email from my Friend whose Ministry I had hosted a number of times over the years, called ‘Improbably People Ministries’ each time she came to Ireland I was her link in the North. She told me that I would be hearing from a man called Bishop Andrew Bills from California. He had just launched a new streaming TV station and would like to talk to me via skype with a view to me being one of his Broadcasters and the station was called The Holy Spirit Broadcasting Network. So, I was absolutely panicked! I couldn’t hold a cup of tea or write my name on a page and I hadn’t left the house in three solid years! How could I do this! I really missed serving the Lord in ministry but I knew what my area had been in ministry was and it had never been in Broadcasting!

Well little did I know at that point, that this is exactly where God was taking me and I am now a Broadcaster for the HSBN and the UK & Ireland Branch Director. How awesome is our God!

In 2016 I had a vision, the Lord had been speaking to me so often in the early months of 2016, we now had a WAV [Wheelchair Adaptable Vehicle] and my Daughter is the driver and we were able to go out of the house for the first time since the wheelchair situation.

The Lord had said to me regarding the vision, I had heard the Words come to my Spirit 'Come Messiah in the Secret Place' and this was to prove to be the evening where God would meet with me and I would be healed! However, I am not out of the wheelchair, just yet, but I have had no pain, no painful spasms, I am off all medication. That was September 2016 and I have been pain free since that date!

2017

So that brings us to 2017 and this year which is the Hebrew year 5777 and a Jubilee for Jerusalem and a very special year I sense for Israel and the body of Messiah worldwide. As I write the Bishop and I are in talks with regard to the Official Launch of the UK & Ireland Branch of the HSBN at Stormont later this year so please keep us in prayer and you can watch last year's Divine Healing Event at Stormont on streaming TV at: [LINK](#)

Tracking God

Interact, Impact & Influence People to be True Followers of Christ

By

Dudley Anderson

Born and raised in Johannesburg, South Africa Dudley Anderson became a Christian at the age of nine. After graduating from Bible College in 1993, with an already established ministry as a worship leader, he entered Christian radio broadcasting and was heard on two prominent stations in South Africa.

In 1996 Dudley and his family felt called to the United Kingdom. Here God opened the door for him to broadcast for an international radio ministry, reaching millions of people across central Africa on FM, shortwave and the Internet.

One of the radio shows Dudley produced was a 2-hour music show called, On Track.

On Track featured several inspirational thoughts and teaching segments. When listeners began asking for a written version of these segments by e-mail, Dudley produced a weekly update of the content of On Track, which was sent out to hundreds of listeners. Gradually, these emails evolved into a free weekly e-mail devotional called, GodTracker. Long after On Track had gone off-air, the weekly GodTracker e-devotionals have continued to interact, impact and influence people to be true followers of Christ.

Dudley Anderson continues to publish the weekly e-mail devotional, GodTracker via godtracker.co.uk and surereality.net. These devotionals are also posted on several Internet blog sites, where they enjoy a wide

readership. Dudley has published two devotional books, based on GodTracker. These are called, *God-tracking Through the Year* – year one and year two. He also produces short weekly radio spots also based on GodTracker called, *Sixty-Second GodTracker*. These spots are heard on many radio stations across the world. In addition to this, he produces a full-length audio version of GodTracker, also available for broadcast.

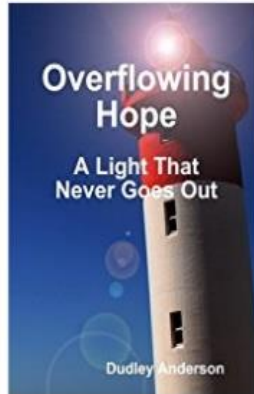

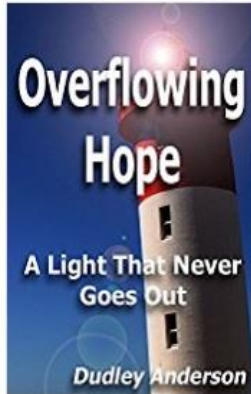

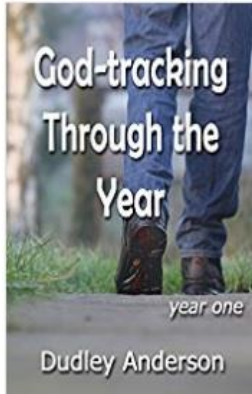

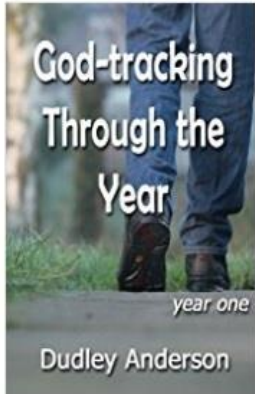

These radio spots, together with a half-hour radio talk show called, *The Reality* can be heard online via surereality.net Dudley is launching a covering ministry to oversee his work called,

Sure Reality Media or, SRM. SRM will oversee:

- The weekly e-mail/blog devotional, *GodTracker*
- The production and distribution of three radio programmes: The full length, *GodTracker*, the *Sixty-Second GodTracker* radio spot and the half-hour talk show, *The Reality*
- Book publishing
- An annual Christian conference, *The Reality Conference*

Dudley Anderson is married to Karen-Leigh and has two adult children, Kerryn and Ryan. He currently pastors a church in England, while continuing to produce Christian radio programmes and writing.

Transforming Lives

Metro World Child - Kenya

By Janine Stellatos

JANINE STELLATOS who has been working tirelessly as a missionary for children's rights for over 25 years.

METRO KENYA

When we started here in Kenya we had just one team and were in 12 schools... now 5 years later we have 4 teams and are in 68 schools reaching over 71,000 kids every week. We are expanding later this year to a 5th team which will open up another 16 schools and potentially we will be reaching around 85,000 kids weekly by September. We also just started our program in the local children's remand center.

Metro Kenya operates a feeding program in 41 schools and currently we are feeding 2,250 children daily. This will increase to include a further 550 children by January 2018. Each sponsored child receives a hot meal in school every day. We also carry out other projects, for example, providing food vouchers for the local supermarket for the families of the sponsored

Children Gather in Kenya to be fed physically and spiritually
by METRO WORLD CHILD - KENYA

children, uniforms, school shoes, books bags and school supplies, mosquito nets to prevent malaria and recreational supplies for the children. With the recent drought causing a hike in food prices, and the rationing of certain food stuffs exacerbated by the forthcoming elections, families are struggling and facing much hardship. Kids are going hungry and some are having to chose between electricity or food. Kids are literally dying in hospital because the parents cannot afford medical treatment. Some schools face

closure for lack of decent facilities (toilets & Kitchens), kids share 3/4 to one desk.

OUR TEACHING PROGRAM

It is being widely reported that performance, attitude, attendance and school exam results are all improving and this is attributed to our program so much so that when there was a government halt on all outside bodies going in to do any kind of character building or faith based lessons, Metro World Child were given express authorization to be the only organization allowed into schools. Moreover, we have been given authorization to go into any school in Kenya.

This is the Lord's doing and it is marvelous in our eyes. Psalm 118.

While we are reaching so many kids, we are mindful that there are many more to be reached. We need help .. time is running out.

HOW CAN I HELP?

Child sponsorship programs can cost as little as £20 per month. This helps to feed the kids and if you are more a 'hands-on' person you can help by volunteering your services to raise funds by contacting the organization at www.metroworldchild.org Metro World Child will take work crews who want to come, help build facilities, desks for the schools and they can accommodate visitors who want to come and visit the work they do or see their sponsored child. It's really up to you! However, you can make a difference in children's lives...

Contact Metro World Child via their Official Website below:

www.metroworldchild.org

The Voice in the Wilderness

By

Steve Norman

In April 2008, Steve Norman, then a serving Police Officer, chanced upon an article in a Sunday newspaper supplement about a girl sold into prostitution in Cambodia at the age of 13. The next day he bought the book and read it through that night into the next day. It was through this experience that God broke his heart and placed therein a deep compassion for the children of this land who have no voice and endure such unimaginable suffering. The overwhelming desire to engage in this issue was impressed on him.

After 12 months and following numerous fruitless searches and being advised that it was an area best avoided, Steve happened upon Ratanak International in Canada. Ratanak was run by a Royal Canadian Mounted Police Crime Scene Investigator and the synergy was Over the following months and the exchange of countless emails and calls, the prospect of developing the Ratanak in the UK became a reality. In June 2009 Ratanak International (UK) was formally born.

In September 2009 Steve travelled to Cambodia for the first time where he was able to meet Ratanak partners and see firsthand the situations that exist. This visit cemented his resolve to work to make a difference to the lives of as many people as possible. The trip proved to be an emotional roller coaster ride as names in a book gave way to the faces and lives of real people. In April 2010, Ratanak International (UK) received its charitable status with the UK Charities Commission.

In partnering with Ratanak in Canada we have been privileged to inherit almost 30 years of experience which began shortly after the end of the civil war. Originally set up to provide humanitarian aid, Ratanak was one of only 3 Christian agencies engaged in Cambodia at that time.

During this time Ratanak opened schools, hospitals, sponsored ambulances, provided clean water and offered hope for those in prison.

In 2004 an international cross border investigation led Ratanak into the sinister world of child sex trafficking. Over the last years this has represented a shift in direction where we are now solely engaged in exploitation related projects. Today Ratanak International has grown into a Christian organization that works collaboratively to be a catalyst for transformation in Cambodia through a focus on empowering exploited people and addressing the systems that exploit them. As well as Canada and the UK, we also now have offices in Australia and the USA.

Space for Hope

In late 2014, as a direct response to one of our trafficking prevention programs, we became aware of significant numbers of young Cambodian women being trafficked across international borders. These were either to Malaysia as domestic servants or to China into forced marriages.

We were able to utilize existing links with Christian partners and the Cambodian government to draw up detailed protocols for the safe repatriation of the young women. In 2015 our staff in Cambodia formed part of a small delegation of NGOs and government ministers who travelled to Beijing to start this process. A process that normally takes upwards of 2 years was completed within a weekend and the safe road home was opened for many.

As an additional response we are launching a new project to build a safe and loving home for those who have been exploited – a “Space for Hope”. It is a specially designed building dedicated to supporting survivors of exploitation on their journey of healing. It will empower young women who were once vulnerable, exploited and oppressed, so that they can live thriving lives full of dignity & hope.

SPACE

— for Hope —

PREVENTION

Addressing the root causes of human trafficking through awareness training and by equipping survivors with educational opportunities and life skills training.

REHABILITATION

Walking alongside survivors on their journey from brokenness to wholeness by providing trauma-informed care through biblical counseling, group therapy and art therapy.

REINTEGRATION

Empowering survivors through individual achievement plans that encourage them to discover their uniqueness, passions and dreams, equipping them not just to survive, but to thrive.

SPIRITUAL FORMATION

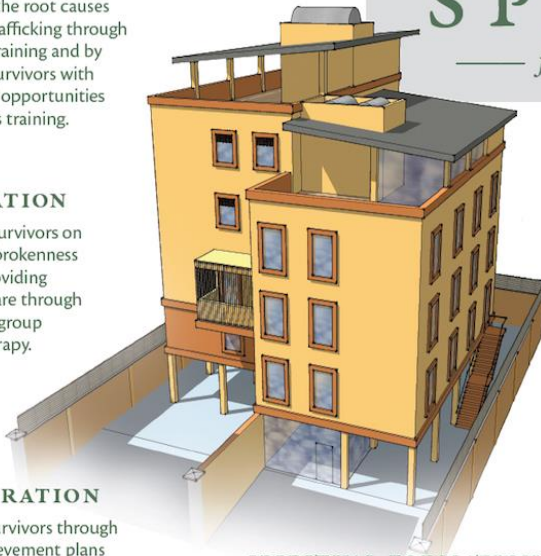

Creating opportunities for survivors to grow in their faith, identity and value in Christ through daily Bible reflections, weekly church services and outreach opportunities.

TRAINING

Expanding the capacities of our staff and the staff of other NGOs so that they can be a continual blessing to those entrusted to their care.

COLLABORATION

Facilitating cooperation between organizations, government, and law enforcement to create greater impact as we seek justice on behalf of the oppressed.

This is about more than a building. It is about nurturing love and restoring the dreams of lives once marked by hopelessness. It is about increasing our reach and further empowering Cambodians who were robbed of their freedom. Just this week we have received the go ahead to begin work and the diggers have moved in! These are certainly exciting days!

Other Areas of Engagement

Whilst Space for Hope undoubtedly represents much of our work we are still heavily engaged in a wide variety of other work. These include:

The provision of a Migrant Assistance Centre at a key border crossing point. Here we offer assistance to migrants who have been forcefully removed

from Thailand. Many of these have been coerced or tricked into exploitive situations and are abandoned without hope to fend for themselves. The centre offers the missing hope in the provision of safe passage home, an offer to investigate those who have misled them and much needed refreshments. Between 200 and 2,500 people are processed through this centre on a daily basis - a significant proportion of whom are identified as trafficking victims.

In addition, in 2017 we are building 3 rice mills to provide safe and sustainable employment in rural villages where many of these migrants originate. It has been proven that if work is available then the majority will not follow unsafe migration paths. The pilot project was cost neutral within 10 months and has since returned a significant profit. The cooperative that runs the mill, made up of local villagers, has chosen to invest and build a school - the first one ever in their community. Their hope is that they will be able to educate their children and break the cycle of poverty.

Other areas we are currently operating include trafficking prevention programs aimed at educating rural Cambodians into the trickery of those who would seek to prey on them and a scholarship scheme which is offering education for children from incredibly poor families offering them a hope of employment away from potentially exploitive situations.

Cambodia remains a place where many are highly vulnerable but due to the huge efforts by those on the ground we are beginning to see change. We continue to be deeply encouraged by the many stories of those who have not only found hope in safe employment, but also found an eternal hope in Christ.

We value your prayers

The Living Branch

Pakistan

By Pastor Shoukat Siddique

Pastor Shoukat Siddique
Living Branch Church

General Secretary *Living Branch Ministries-Pakistan*

GPN Co-Ordinator Pakistan
3-in-1 GPN Ministries

INTRODUCTION

Passion is a word synonymous with Pastor Shoukat Siddique. Pastor Siddique has been associated and networking with our ministry since 2010. In that time, his ministry, like all the others highlighted in this issue, has prospered and grown from a branch into a huge tree!

A powerful Prayer Leader and Intercessor, Pastor Shoukat's ministry focuses on making disciples in the Churches and for the Churches. Bringing men from remote areas of Pakistan, investing their time and resources, they train and send them back to the fields to plant new Churches – especially in remote areas.

There are currently 42 branch Churches in different cities of Pakistan. Not only is Pastor Shoukat our 3-in-1 GPN Coordinator in Pakistan, but he has helped to translate documents for our annual 3-in-1 Global Day of Prayer. He is currently the General Secretary at Living Branch Ministries

Pakistan., Professor at Living Branch Bible College and Pastor-in-charge at Living Branch Church. We are delighted he has taken time out of his busy schedule to contribute to this special issue...

Local Village women gather for prayer and hear the Good News of Jesus Christ

REPORT

By

PASTOR SHOUKAT SIDDIQUE

By God's grace we have planted one Church in the southern part of Pakistan, the pictures attached. It has started to grow in numbers praise God. Please know that this is the first every Church in the tribal areas. I have sent one of my disciples to work among them (The Marhwadi Tribe). We are purely focusing on the work of salvation to extend the kingdom of God in Pakistan. Need your prayers.

We have had very powerful three weeks last month, the Lord spoke to me in the beginning of this month, "YOU ARE SAVED, AND YOU HAVE TO SAVE OTHERS". This was the message I shared it with the Church, the whole church and the church leadership received it and they went into the community, shared the good news of Christ Jesus and brought people in the Church.

Local men are trained up to go out and make disciples of all nations...

Last month we were able to baptize about 120 adults. One out of them was a Magician, he quit his magic things and received Jesus as his savior (one of my church leader won him during his family visit). Three of them were drug-addicts, they quit the drug addiction and received Jesus as their savior and were baptized.

To my amazement, one of the three was the husband of one of my very dear sister in Christ. She got married in 2012. But later she found that her husband was drug-addict (heron), her father and brothers wanted her to get divorced and marry another man. But she refused to do that, one day in their home cell meeting, she cried and shared with me the whole story, we together prayed for her husband, and while I was praying I prophesied that her husband would be alright and he will become the servant of the Lord.

Last month when I saw him in the Church ready to repent, I immediately recalled the whole past, he was not only ready to repent but also to take water baptism. Moreover, when I was praying for him in the baptism, I again felt the Lord is speaking to him through me, that he would be the Lord's servant. It was such an awesome experience, I though I must share it.

EVENT

PRESS RELEASE

EVENT: *Launch Of The Holy Spirit Broadcasting Network UK & Ireland Branch*
DATE: *2nd September 2017*
VENUE: *Parliament Buildings Stormont, Belfast, N. Ireland*
COST: ***FREE***

Donna Taggart Ministries is delighted to announce the Official Launch of The Holy Spirit Network UK & Ireland Branch at Parliament Buildings, Stormont Belfast on Saturday 2nd September 2017. Helping to launch the event and in attendance from California, will be the Founders of The Holy Spirit Broadcasting Network - **Dr. Andrew Bills and his wife, Pastor Ann Marie Bills**. The event will be the first of it's kind to be hosted at Stormont and the fifth of it's kind throughout the world, for the growing global broadcasting network. The event is open to all Believers in Jesus, who desire to get involved or find out more about Streaming TV Broadcasting, Radio or Publishing.

Donna Taggart Founder of Donna Taggart Ministries and a regular HBSN Broadcaster commented:

“As Broadcaster and Branch Director for the UK & Ireland it is my pleasure to see what Talents come forth from these islands, which God Himself will have been creating and preparing for such a time as this! The HSBN already have a fantastic network of Broadcasters around the globe and we watch with excited anticipation to see what the UK & Ireland will add to this precious Holy Spirit Broadcasting Network. This event will not only showcase the different genres of Spirit-filled media – broadcast and print, but it will also offer all those in attendance prayer for healing, as we gather under the powerful anointing of the Holy Spirit. As we focus on the spectacular Launch at Stormont this September we will be looking forward to hearing from anyone who believes they have something to share whether it is Broadcasting, Radio or Publishing we may be the divinely appointed link that you have been praying for!”

PLEASE NOTE: The Event will be by Ticket only as Seats are Limited. For all further information please contact
